

Furnish and install Perma-Boot® roof vent flashing. Unit shall be Water-Tite item number checked below as manufactured by IPS Corporation, as per corresponding dimensional characteristics, or equivalent. Product is made from a UV stabilized Polymer. Do not use petroleum based mastics, sealing compounds, or paints on the flashing as it will degrade the flashing and void the warranty. Usable from 3/12 [14°] to 12/12 [45°] roof pitch.

Retrofit

ROOF SYSTEM	RETROFIT
Shingle	Excellent
Tile	Trimming may be required
Metal	Trimming may be required

New Construction

ROOF SYSTEM	RETROFIT
